

Regulatory Committee Agenda

8 December at 7pm

Marconi Room, Civic Centre, Chelmsford

Membership

Councillor L.A. Mascot (Chair)
Councillor D.G. Jones (Vice-Chair)

and Councillors

R.H. Ambor, L. Ashley, D.J.R. Clark, A.E. Davidson, J.A. Frascona,
A.M. John, R.J. Lee, L.A. Millane, I.C. Roberts, T.E. Roper and S.J.
Scott

Local people are welcome to attend this meeting, where your elected Councillors take decisions affecting YOU and your City. There will also be an opportunity to ask your Councillors questions or make a statement. These have to be submitted in advance and details are on the agenda page. If you would like to find out more, please email daniel.bird@chelmsford.gov.uk or telephone (01245) 606523

Regulatory Committee

8 December 2022

AGENDA

1. Apologies for Absence

2. Minutes

To consider the minutes of the meeting held on 20 October 2022.

3. Declaration of Interests

All Members are reminded that they must disclose any interests they know they have in items of business on the meeting's agenda and that they must do so at this point on the agenda or as soon as they become aware of the interest. If the interest is a Disclosable Pecuniary Interest they are also obliged to notify the Monitoring Officer within 28 days of the meeting.

4. Public Question Time

Any member of the public may ask a question or make a statement at this point in the meeting. Each person has two minutes and a maximum of 20 minutes is allotted to public questions/statements, which must be about matters for which the Committee is responsible.

The Chair may disallow a question if it is offensive, substantially the same as another question or requires disclosure of exempt or confidential information. If the question cannot be answered at the meeting a written response will be provided after the meeting.

Any member of the public who wishes to submit a question or statement to this meeting should email it to committees@chelmsford.gov.uk at least 24 hours before the start time of the meeting. All valid questions and statements will be published with the agenda on the website at least six hours before the start time and will be responded to at the meeting. Those who have submitted a valid question or statement will be entitled to put it in person at the meeting.

5. Consultation re Increase in Taxi (Hackney Carriage) Fares - Tariff

6. Urgent Business

To consider any other matter which, in the opinion of the Chair, should be considered by reason of special circumstances (to be specified) as a matter of urgency.

**MINUTES OF THE
REGULATORY COMMITTEE**

held on 20 October 2022 at 7.00pm

Present:

Councillor L. Mascot (Chair)

Councillors R.H. Ambor, L. Ashley, D.G. Jones, R.J. Lee, I.C. Roberts and S.J. Scott

The Committee observed a minutes silence in memory of Cllr John Galley, the Mayor of Chelmsford who had recently passed away.

1. Apologies for Absence

Apologies for absence were received from Councillors Clark, Davidson, Frascona and Millane.

2. Minutes

The minutes of the meeting held on 14 July 2022 were agreed as a correct record and signed by the Chair.

3. Declaration of Interests

All Members were reminded to declare any Disclosable Pecuniary interests or other registerable interests where appropriate in any items of business on the meeting's agenda. None were made.

4. Public Question Time

A member of the taxi trade attended the meeting to present the petition for Item 5 and spoke at that point in the meeting.

5. Application for an Increase in Fares (Tariff) Charged by Hackney Carriages

The Committee were asked to consider a request submitted for an increase in the Hackney Carriage Fares. They were asked to determine whether or not to approve the proposal for wider consultation. It was noted that if any objections were received that these would be considered at the next meeting of the Committee.

The Committee were informed that the application was to add a surcharge to the current tariff when a vehicle was used by five or more passengers. This had been petitioned for as larger vehicles were more costly to purchase and operate, and two other authorities in Essex had already adopted the approach.

The Committee were informed of the options available to them ;

- Support the proposal as submitted and approve the tariff increase for consultation and implemented in accordance with the proposed timescale where no objections are received,
- Modify the proposal and approve the modified tariff increase for consultation and implemented in accordance with the proposed timescale where no objections are received.
- Not to approve any form of increase to the current tariff

The Committee heard from the member of the taxi trade who had submitted the petition. The following points were made;

- The petition had been put forward as drivers were concerned about the long term affordability of larger vehicles.
- The larger vehicles were very important as they are multi seater, wheelchair accessible vehicles, if they came off the fleet this would affect residents.

In response to questions from the Committee, it was noted that;

- Officers would come back to the Committee with further information on the two other authorities who had adopted a similar approach. It was also noted that if this showed substantial differences to the proposal, then the Licensing Authority could make a representation during the consultation period.
- Four passengers travelling in a saloon style vehicle would for example pay £40, split four ways equalling £10 each. Under the new proposal six passengers in a multi seater vehicle would pay £60, but split 6 ways still equalling £10 each.

The Committee agreed to approve the proposal and for the 14-day consultation period to start on the 27th October.

RESOLVED that the Committee agreed to support the proposal as submitted and approve the tariff increase for consultation and to be implemented in accordance with the proposed timescale if no objections were received.

(7.03pm to 7.13pm)

6. **Urgent Business**

There were no matters of urgent business.

The meeting closed at 7.13pm

Chair

CONSULTATION RE INCREASE IN TAXI (HACKNEY CARRIAGE) FARES – TARIFF.

Report by: Daniel Winter

Officer Contact: Licensing Lead Officer Daniel.winter@chelmsford.gov.uk
01245606317

Purpose

To consider feedback and representations made in support of and against the tariff petition that was received on the 23rd of August 2022.

Recommendations

Members are requested to further consider the petition; the feedback, the representations received and determine whether to approve the recommended changes to the tariff.

1. Background

- 1.1. Section 16 of 'The District of Chelmsford Bye-laws' approved on 22nd January 1975 - adopted the imposition of tariff charges in respect of fares levied by Hackney Carriages. Tariffs may periodically be reviewed, which is generally following an application by a licence holder on behalf of others and previously been in the form of a petition. It has been informally agreed in the past with the taxi trade and associations that petitions of the tariff will only be considered once annually with the odd exception.
- 1.2. As the Committee will already be aware, there is a prescribed statutory process for making or varying a table of fares applicable to hackney carriages.
- 1.3. Under Section 65 of the Local Government (Miscellaneous Provisions) Act 1976 ('the 1976 Act') where a council makes or varies a table of fares, they must publish in at least one local newspaper a notice setting out the table of fares and / or variation, specifying the period (not less than 14 days from the date of first publication) and the manner in which objections to the table of fares or variation can be made. (This notice must also be available at the council offices for a period of 14 days from the date of first publication and be open to public inspection free of charge during reasonable hours.)
- 1.4. If no objection is made within the period specified in the notice, or if objections are subsequently withdrawn, the proposed table of fares shall come into operation on the date of expiration of the period specified in the notice or the date of withdrawal of the objection (whichever is the later).
- 1.5. If the objection is not withdrawn the Council is required to consider the objections and set a further date (not later than two months after expiry of the period given in the notice for making objections) on which the table of fares (or varied table of fares) shall come into force with or without modification (as decided by them after consideration of the objection(s)).
- 1.6. The last review of the Tariff was in July 2022 because of a petition received. This was granted by members on the 14 July 2022 and took effect in August 2022.
- 1.7. On the 23rd ^{of} August 2022 Mr Ian Vernon, on behalf of the Chelmsford Taxi Drivers Association, submitted a new petition for a tariff increase for multi seater vehicles, which adds a surcharge to the tariff, to the current tariff that was agreed on 14th July, when a vehicle is used by 5 or more persons. A copy of the Petition and supporting documentation made by Mr Vernon are attached as **Appendix A**.

- 1.8. A comparison of the change from the current tariff to the proposed tariff which provides additional tariff charges when hired by 5 or more persons (Not including wheelchair users and carers) is attached as **Appendix B**.
- 1.9. A National tariff comparison is provided as an abstract from the Private Hire and Trade Magazine (PHTM) is provided as **Appendix C**.
- 1.10 Three other Essex Licensing Authorities have adopted very similar approaches to the tariff changes suggested, these are Basildon, Braintree and Thurrock.

2. Consultation

- 2.1. The proposed tariff was advertised in the local paper, on the Council's website and in the public foyer of the civic offices. (There has therefore been full compliance with the requirements of the 1976 Act.) Each licence holder was also emailed with details of the consultation.
- 2.2. The Council has received three representations from currently licensed Hackney Carriage proprietors/drivers in respect of the proposed tariff increase. These are collectively attached at **Appendix D**. These representations are, in effect, objections to the proposed new tariff, with each representation putting forward an alternative to the proposed tariff.
- 2.3. The Council have received four comments from members of the public in favour of the petition changes. These are attached as **Appendix E**.

3. Considerations

- 3.1 The Committee have the following to consider when deciding on the petition.
 - 3.1.1 The Committee can accept the proposed tariff (as advertised in the public notice) and implement the new tariff effective from a date not more than two months after the date specified in the public notice as the deadline for objections, being the 10th January 2023.
 - 3.1.2 The committee can modify the proposed tariff and implement the new tariff (as modified) effective from a date not more than two months after the date specified in the public notice as the deadline for objections, being 10th January 2023.

Note: Although this option is given to the Council under section 65 (4) of the 1976 Act the Committee, if minded to modify the proposed tariff, should exercise care to ensure that any such modifications, by reason of their nature, extent, or ramifications, do not fall outside the scope of modifications envisaged by the 1976 Act. The legal adviser to the

Committee will be available at the meeting to advise on this aspect, should the need arise.

- 3.1.3 Leave, in effect, the current tariff in place i.e., refuse the proposed tariff changes. There is no specific facility within the 1976 Act to enable this and so in effect the current tariff would have to be re-implemented. This would need to be done by following the procedure at paragraph 3.1.2 above. That is to say, the Committee would have to formally resolve to modify (and implement by 10 January 2023) the proposed tariff so that the proposed tariff element is deleted.

4. Options

4.1 Members have the following options available to them:

- Accept the proposed tariff changes, or
- Modify the proposed tariff changes, or
- Refuse the proposed tariff changes and modify the proposed tariff to reflect the existing tariff.

4.2 There is no right of appeal, other than the ability to challenge the legality of any decision by way of an application to the High Court for Judicial Review, if it is considered that the Council has erred in its application of the law or there has been a serious procedural defect.

APPENDIX A

Initial Petition

Dear Dan

On behalf of the Chelmsford Taxi Drivers Association (CTDA) I raised a petition for a Tariff increase for multi seater vehicles now known as Tariff B. This was heard by the Regulatory Committee on 9th June 2022, who in turn unanimously agreed to the proposal and a period of public consultation followed.

On the 14th July following the public consultation period the Regulatory Committee sat to consider such response. In light of some of the misleading and inaccurate comments made by 2 members of the trade (Mr Michel and Mr Paffett) the CTDA felt these needed to be challenged/disputed.

As it transpired, we were advised at the meeting our comments although valid and welcomed could not be considered outside the consultation period. Therefore, as a result we were advised by the Chair that if we wished to continue with the petition we would have to re submit our application.

Therefore in light of this please accept this email as an application to raise before the Regulatory committee at the earliest opportunity.

It is worth pointing out that at no time within this consultation period, and the short period of time that followed, did the CTDA have opportunity to discuss any concerns that may exist with the Council in order to have the proposal granted.

May I now take this opportunity to invite Licensing to communicate with us to establish what concerns, if any, may now exist so that the CTDA can respond and allay any fears.

Myself and representatives of the trade are more than happy to make an appointment with yourself, if you feel this will be beneficial.

Kind regards

Ian Vernon
Chair
CTDA

Supporting information in favour of the petition

Proposed Multi Seater Vehicle (MSV) Hackney Carriage Taxi Tariff

The owners of MSV Hackney Carriage Taxis in Chelmsford would like to propose an additional tariff schedule for when their vehicles are being used in a 5 or 6 seat capacity in order to level up the purchase and running costs of a Saloon Vehicle (SV) and that of an MSV.

This proposal will be supported by a driver petition with in excess of 60 signatures from the trade, including some saloon car drivers.

Current Situation

Currently there are 76 saloon car vehicles used as Hackney Carriage taxis in Chelmsford, the rest (89) and any new taxis are MSV, in order to accommodate the disability act and be wheelchair accessible.

At present, there is a huge disparity in the costs of purchasing and running a saloon car versus an MSV.

The purchase price for a MSV is double that of a saloon, an MSV costs between £35,000-£45,000 + finance, and up to £65,000 for electric vehicles. Saloon cars start at £15,000.

Buying second hand vehicle is a similar situation where an MSV would be around £20,000 and a saloon around £7,000

MSV's are not designed for passenger transport like saloon cars, in the main they are commercial vans that have been converted to take passengers. Due to their larger size and weight, fuel costs are much higher for MSV and maintenance costs are higher too, with more features such as wheelchair ramps and restraints, auto locking doors, flip seats, etc requiring maintenance, as well as higher general costs of parts for commercial vehicles.

The financial burden of owning a MSV will only get worse with the trade moving to more emission friendly vehicles and finally to the utopia of fully electric vehicles.

Although the costs of purchasing and running an MSV are almost double, there is very little chance of earning any more from the vehicle on the current tariff (30p-60p in extras when the vehicle is used at full capacity).

To ensure Local Authorities have the appropriate number of taxis on the circuit and enough provision of Wheelchair Accessible Vehicles we need to find a solution to funding.

It is quite clear that license holders are feeling the pinch when licensing an MSV. In the past couple of years a great number of vehicles in Chelmsford have been lost with vehicle licences (plates) being handed back. It's no coincidence that all the plates that were handed back were MSV, diminishing Chelmsford's wheelchair accessible fleet of taxis.

Not one single saloon car was handed back. During hard times, MSV are simply not financially viable to many owners, either to run or to replace.

New Tariff Proposal

Currently the way all tariffs work throughout the UK is that the more passengers that travel, the cheaper each individual passenger would effectively pay.

We would like to propose that an additional tariff be introduced, whereby if five or six passengers travel in a MSV that the fare be increased by 50% levelling up the price paid per passenger. If the vehicle was used for one to four passengers the fare tariff would remain the same.

For example:

Should an MSV undertake a five mile journey at Rate 1, it would increase the price by from £15.11 to £22.57 (An increase of £7.56), at Rate 2 it would increase the fare from £20.78 to £30.88 (An increase of £10.10)

4 people travelling at Rate 1 would pay £3.78 per person
6 people travelling at Rate 1 would pay £3.76 per person

4 people travelling at Rate 2 would pay £5.20 per person
6 people travelling at Rate 2 would pay £5.15 per person

Individually no one pays more

Three extra 5/6 seater journeys on Fri/Sat evenings at Rate 2 and six on the remaining days of the week at Rate 1 would increase the drivers weekly earnings by £75.66.

Based on a 48 week year and sensible working hours this would increase annual income by £3631.68,(less tax). This amount, over a number of years, would go a long way to meeting extra running costs and saving for a new vehicle

It is worthy to note that most journeys for taxi drivers are 1-4 passengers, five to six passengers are much less common.

Please also note that this new tariff could never be used for wheelchair passengers, as the space taken up by the wheelchair in the MSV means that a situation could not occur where 5 or 6 passengers travelled together.

Potential Concerns from the public/trade

Currently the taxi saloon car owner enjoy a high “black market” second hand value of their plates amongst Chelmsford taxi drivers, fetching a second hand premium of up to £25k, plus the value of the car, primarily due to their lower replacement costs and lower running costs.

This may diminish should the earnings potential of the MSV vehicle be increased and the costs versus returns between vehicle types become more equal. This may cause objections from current saloon car drivers.

To clarify, the tariff would be set manually at the beginning of the journey depending on how many passengers get in, as the number of passengers dictates which vehicle is needed.

This is standard practice in Chelmsford. Switching between tariffs when passenger numbers vary during a journey is not something we have ever seen in Chelmsford and should not be introduced now. For example, currently, the tariff doesn't increase for a passenger getting into a vehicle at 10.50pm and travelling over into the higher Rate 2 tariff at 11pm – it remains at Rate 1 for the duration of the journey.

Several councils across the UK including neighbouring Basildon select the tariff manually at the outset without undue concern. The fact that it is an offence to run the meter on an inappropriate tariff, or to over charge, could result in a licence being suspended and ultimately revoked is enough for drivers to abide to their conditions.

Astute passengers with mobile phone cameras and “How to Complain” notices and QR codes displayed in taxi’s that provide links to complain will also insure that integrity is maintained. Tariff increments would be in 15p denominations, most fares are now paid by credit card, however all taxi drivers carry change holders that accommodate 5p, so this would not be an issue.

Public feedback from the previous request for this tariff change on Facebook, showed the vast majority of the public supported tariff increases/changes, as the cost of living and fuel costs are understandably much higher now. Comments can be viewed on Essex Live Facebook post here

https://m.facebook.com/story.php?story_fbid=pfbid0358WQRJyntU8ZrMNkC4hBoqNhEKaYrPionuTpFTDFXCr2pHuYza3PpAT3ryDU6L1sl&id=125574517485663

Summary

1. There is currently a clear, unfair, cost differentiation between a licensed holder of a Saloon car taxi and an MSV vehicle, both on the purchase price and running costs.
2. We are requesting to look at parity on the price per person of 4 to 6 passengers
3. Appreciate and accept the future funding of MSV will greatly reduce the fleet of taxis in Chelmsford and that of wheelchair accessible vehicles.
4. There has been a huge loss in revenue throughout the COVID pandemic, which has greatly affected savings to purchase replacement MSV’s and access to credit (lease purchase) leading to negative credit reference reports. Failure to act now will see many more leaving the trade
5. Whilst I appreciate that everyone is feeling the pinch at the moment, if we want to maintain a functioning wheelchair accessible fleet of Hackney Carriage vehicles in Chelmsford for the foreseeable future , something has to be done to help with the cost of purchasing and running them.

Chelmsford Hackney Carriage Fares-Current Tariff

Hackney Carriage Fares (YARDS)

Tariff 1:

06:00 to 23:00 Monday to Saturday (excluding public holiday)

First 625 yards or 2 minutes and 34 seconds (pull off)	£3.60
Each subsequent 71.0 yards. (Equates to £2.479 per mile after 625 yards)	£0.10
Waiting time per 17.5 seconds	£0.10

Tariff 2:

23:00 to 06:00 daily and anytime on public holidays (all day) 18:00 to 22:00

Christmas Eve and New Year's Eve

First 700 yards or 3 minutes and 15 seconds (pull off)	£4.80
Each subsequent 50.7 yards (Equates to £3.471 per mile after 700 yards)	£0.10
Waiting time per 14.10 seconds	£0.10

Tariff 3:

06:00 to 23:00 Sundays

First 410 yards or 1 minute and 17 seconds. (pull off)	£4.70
Each subsequent 71.6 yards (Equates to £2.458 per mile after 410 yards)	£0.10
Waiting time per 11.60seconds	£0.10

Tariff 4:

For hiring's begun between 22:00 24th December and 06:00 27th December and between 22:00 on 31st December and midnight on 1st January (no extras)

First 495 yards or 1 minutes and 56 seconds. (pull off)	£5.60
Each subsequent 84.7 yards (Equates to £4.156per mile after 495 yards)	£0.20
Waiting time per 19.8 seconds	£0.20

Miscellaneous extras:

For each additional passenger above one per journey	£0.30
For items carried outside the passenger compartment	£0.20
Each bicycle, push chair or perambulator	£0.20
Each other parcel or item of luggage	£0.20
Spoilage charge-a reasonable charge may be levied to a maximum of:	£65.00

Chelmsford Hackney Carriage Fares-Proposed Tariff

Hackney Carriage Fares (YARDS) – 5/6 PASSENGERS (NOT APPLICABLE TO WHEELCHAIR USERS AND CARERS)

Tariff 1:

06:00 to 23:00 Monday to Saturday (excluding public holiday)

Time and yardage as above (pull off)	£5.40
Each subsequent 71.0 yards ((Equates to £3.718 per mile after 625 yards))	£0.15
Waiting time per 17.5 seconds	£0.15

Tariff 2:

23:00 to 06:00 daily and anytime on public holidays (all day) 18:00 to 22:00

Christmas Eve and New Year's Eve

Time and yardage as above (pull off)	£7.20
Each subsequent 50.70 yards (Equates to £5.207 per mile after 700 yards)	£0.15
Waiting time per 14.10 seconds	£0.15

Tariff 3:

06:00 to 23:00 Sundays

Time and yardage as above (pull off)	£7.05
Each subsequent 71.6 yards (Equates to £3.687 per mile after 410 yards)	£0.15
Waiting time per 11.60 seconds	£0.15

Tariff 4:

For hiring's begun between 22:00 24th December and 06:00 27th December and between 22:00 on 31st December and midnight on 1st January (no extras)

Time and yardage as above (pull off)	£8.40
Each subsequent 84.7 yards (Equates to £6.234 per mile after 495 yards)	£0.30
Waiting time per 19.8 seconds	£0.30

Miscellaneous extras:

For each additional passenger above one per journey	£0.30
For items carried outside the passenger compartment	£0.20
Each bicycle, push chair or perambulator	£0.20
Each other parcel or item of luggage	£0.20
Spoilage charge-a reasonable charge may be levied to a maximum of:	£65.00

Representations opposing the proposed Tariff changes.

1st representation.

I have been a Taxi driver in Chelmsford for over 20 years and can absolutely see no justification for increasing Fares for only multi seater vehicles by another 50% on top of the 8% rise recently granted this year. Any proprietor who has entered this trade in either a saloon vehicle or a multi seater vehicle over the past twenty years has known or should know the clear differences in that particular choice. Increasing charges due to bad business decisions and no forward planning is not the fault of the travelling public.

I am sure the majority of the trade does not want a two-tier system; this will definitely cause no end of problems and confusion for the travelling public. Multi seater vehicles will indeed be more expensive thus the public may choose to use Saloon cars which will generally be cheaper starving multi seater vehicles of work. Please note 5 or 6 passengers onboard these vehicles are slightly more expensive already.

Having the ability to BOOST a Taxi Fare by 50% WILL be abused by less scrupulous members of the trade. Calendar meters now operating in all vehicles has stopped this problem in recent years, I am sure Licensing can back this up with data and complaints if required.

I believe the petition supplied generally only asks a few Multi Seater vehicles rather than canvassing a cross section of the entire trade. If taxi fares were to increase by 50% overnight, I would genuinely worry for the welfare of drivers and vehicles if Taxi prices were to increase as requested.

The proposal as it stands only benefits 5- and 6-seater vehicles. No mention of increasing fares for 2 to 4 passengers, this seems strange or clearly biased.

Many of us on the ranks have discussed this and would suggest a fairer solution to actually benefit all Taxi owners/drivers in Chelmsford would be to increase the extras per person to £1. This would allow Saloon cars to earn £3 extra for fares when 4 passengers travel and would allow multi seater vehicles to earn up to £5 more when 6 people travel. A small increase per person but definitely invaluable to the taxi driver. It can be argued that only currently receiving an extra 30p per person is an absolute bargain for the travelling public but with additional weight over long distances will impact on the overall cost of fuel. By adding an additional £1 per person this would benefit all Taxi drivers in Chelmsford. The Extras button would be set to increment in 50p clicks. No BOOST button to increase fares by 50% which will get undoubtedly get abused.

Please see the attached data which I and many experienced Taxi drivers feel would be a fair system allowing ALL Hackney Carriages to earn some additional return for additional passengers travelling.

Taxi Comparison Chart

November 2022

	Cars		Vans		Percentage Increase Multi to Car
	Car	Car With	6 Seater	6 Seater	
	1 Passenger	4 Passengers	1 Passengers	6 Passengers	
Present Cost with 30p Extras pp	£10.00	£10.90	£10.00	£11.50	5.50%
Increases Extras to £1 per person	£10.00	£13.00	£10.00	£15.00	15.38%
50% Increase	£10.00	£10.90	£15.00	£16.50	51.38%
Present Cost 30p Extras pp	£20.00	£20.90	£20.00	£21.50	2.87%
Increases Extras to £1 per person	£20.00	£23.00	£20.00	£25.00	8.70%
50% Increase	£20.00	£20.90	£30.00	£31.50	50.72%
Present Cost 30p Extras pp	£50.00	£50.90	£50.00	£51.50	1.18%
Increases Extras to £1 per person	£50.00	£53.00	£50.00	£55.00	3.77%
50% Increase	£50.00	£50.90	£75.00	£76.50	50.29%

Summarising the above.

1	Current Situation. Multi seater vehicles already earn a small percentage more when additional passengers travel.
2	By allowing all Taxis to charge £1 extra per person benefits all Taxi drivers. Moderate increase in Fares.
3	Boost button capability only benefits Multi Seater vehicle and increases fare by over 50%

2nd representation.

Good afternoon,

Having been a proprietor of a six-seater taxi, for the past ten years i am against the proposal of the Tariff B increase for more than 4 passengers.

I have read the minutes of the July Regulatory meeting and cannot see where purchasing a new six-seater taxi is 135% to 300% more than purchasing a new saloon car. as far as I'm aware there has only been one person to replace their six-seater taxi with a brand new one and that has been me! Which i did in 2015.

While being on the rank over the years in my taxi I have had many conversations with the general public advising that it costs the same in a six-seater as it does in a standard saloon taxi. Obviously explaining the added charge of £0.30p per additional passenger.

Having heard several horror stories from people who i have picked up off the rank as to what they have been charged, I was very pleased when the council calendarized the meters stopping the miss-use of drivers charging to the wrong tariff.

I dread to think what the unscrupulous drivers among us will do with the ability to once again manually change their meters. Yes, sadly this will happen if this Tariff B is introduced.

As for the petition supporting this amendment, are the 48 signatures all proprietors or are they drivers? i wasn't asked or aware of any such petition. Surely all proprietors should have been notified of it even if they weren't in favour.

In the past i have both supported and opposed tariff increases due to the economy and cost of living etc. With the climate as it is we should be cautious as to any increases above what has already been passed.

As a six-seater wheelchair accessible vehicle we have a massive advantage over the saloon cars, sadly again drivers refuse to do this type of work even though they have vehicles capable. Please don't take my word for it, just contact the care homes in Chelmsford and ask them how difficult it is to book a wheelchair accessible vehicle.

The advantage of being able to do wheelchair accessible work negates any initial extra cost of the purchase of the vehicle.

3rd representation.

Dear Sirs

Further to the email regarding an extra tariff for multi seater vehicles I would like to raise a number of issues.

I have driven multi seater taxis in Chelmsford for over 30 years and I am completely against these proposals.

- 1) We operate Calendar controlled meters presently and this proposal would enable unscrupulous drivers to operate on the wrong tariff. These incidents although they might be isolated would undoubtedly happen and unsuspecting members of the public would be overcharged. Calendar control prevents this and must remain in all circumstances without options to bypass it.
- 2) Currently the public are still sometimes unsure as to whether a multi seater taxi is more expensive than a saloon car especially if they are a solo traveller or a couple. An additional tariff would only add to the confusion and possibly lead to customers avoiding multi seater vehicles when they are the front car on a rank.
- 3) Driver safety is likely to become an issue especially on out-of-town hidings when the fares due would become extremely expensive.

To demand £60-£70 or more for a journey to Brentwood or Shenfield or Braintree is excessive. Drunken or aggressive customers are likely to become involved in arguments with drivers. These situations are marginal at the best of times and do not need the added problems that would be created by excessive fares.

- 4) Complaints from the public to licensing would increase from members of the public feeling they had been overcharged.

There are many issues affecting the trade and especially multi seater vehicles at the moment.

But these proposals of a separate tariff are not the way to address them.

Policy can be amended by the committee to help operators through these difficult times.

I will list a few alternatives which have little or zero cost to members of the public but have benefits to operators of 6-seater wheelchair accessible vehicles which are fast becoming unviable as business propositions.

- 1) An increase in the extra's charges per person to £1 from the current 30p. This can be applied across all vehicles and would be of minimal cost to the public and a reasonable increase as it would only apply pro rata for additional passengers.
- 2) The requirement of the retirement of all Euro 5 vehicles by 2023. This decision was made prior or during the early stages of the pandemic. Things have fundamentally changed since this time. The criterion for suitable vehicles is now providing the trade with a very expensive limited choice of replacement vehicles. Many conversions to Chelmsford requirements are no longer produced, the second-hand market is non-existent and new vehicles are approaching £50,000 plus. I propose that a review into licensing criteria for multi seater wheelchair accessible vehicles is carried out and in the interim period although replacement vehicles must still be Euro 6 standard existing vehicles provided, they still pass council inspections will be able to be licensed until 12 years old. Euro 5 will continue to diminish but

good well-maintained vehicles will continue to be licensed for a period of time. This will bring Chelmsford into line on this matter with other local authorities such as Maldon.

An additional emission check could apply to the Euro 5 vehicles at inspection time to ensure none were breaching Euro 5 emission standards.

I underline I am completely against this tariff change and would be happy to provide further information or ideas if requested on the above matters

Kind regards

Appendix E

Comments in favour of the petition changes

Hi,

I have read of the intended taxi tariff increase to be applied in the larger taxis in Chelmsford. Just wanted to say that although the cost of living crisis is hitting us all, the rise does seem fair, else they are all going to go bankrupt and we won't have any big black cabs.

Thanks,

Dear sir or madam

I wanted to make comment on the advertised taxi increase, I used to live in Dunmow and they have always charged more for a 5 seater or 8 seater there, so it just seems normal to me, so no objections, once it's split out 5 or 6 ways would hardly notice the difference anyway.

Kind Regards

Good evening

I think the new tariff increase for the larger taxis is reasonable as I understand they are very expensive to buy whereas the car type taxis are much cheaper. This seems like a fair approach.

Kind regards

Dear Sir/Madam

I understand the taxi trade of Chelmsford have made an application for a Tarif increase for the multi seater vehicle taxis when 5/6 passengers engage. From what it sounds like and having discussed this with friends the taxi trade appear to be asking for the same cost per passenger should 6 people travel as 4 for example.

This seems a fair approach especially as I understand since the pandemic the City has lost a number of these vehicles due to affordability. We can ill afford to lose anymore, especially at the weekend, when we all wish to go home promptly late at night on a cold winters evening.

Regards,
